

UC Cooperative Extension presents Summer Cover Crop Field Day – Colusa

Friday, September 2nd | 8:00 am

8:00 am: Registration

8:30 am: program

9:30 am: tour field plots

Join Tom Johnson, Agronomist with Kamprath Seeds and Margaret Smither-Kopperl, Manager at the USDA Plant Materials Center, and Sarah Light, Agronomy Advisor with UC Cooperative Extension.

See summer cover crop species demonstration plots.

Discuss when to plant a summer cover crop, cover crop selection, water used for a productive stand, benefits of a summer cover, and opportunities to incorporate into your annual rotation.

Hosted by UC Cooperative Extension, Sarah Light, Agronomy Advisor

RSVPs are helpful, but not required
(<https://surveys.ucanr.edu/survey.cfm?surveynumber=38960>)

Everyone is welcome

Contact Sarah Light, selight@ucanr.edu, with questions

Directions

From Colusa: Drive north on Bridge street across the river and continue on River Road.

Follow signs for UC Cooperative Extension on your right (less than a mile from the river).

39.225829, -121.995654
