### **IMPORTANT: GIVING OF GIFTS**

Reinterpretation of policy regarding the giving of gifts to individuals and groups and fundraising for charities by 4-H units has led to two new guidelines and a new [FAQ](#) attached to Chapter 9 of the State 4-H Policy Handbook. The pertinent section is XVIII.

The new language added to the section for clarification is:

*The giving of gifts to individuals, businesses and organizations and the raising of funds for recognized charities may be permitted by the county director under certain circumstances when such activities further the programmatic mission of the 4-H YDP.*

These guidelines reflect the tradition of generosity and community engagement that has been important in 4-H and the programmatic purposes of encouraging those practices in young people. They also provide a level of oversight to ensure that 4-H funds are used appropriately and follow sound management practices.

Some of the major impacts include:

1. Non-cash gifts such as tangible personal property (mugs, t-shirts, etc.), nonnegotiable gift certificates and mementos may be presented to individuals and/or businesses for the purposes of recognition, appreciation or sympathy. Specific limits and procedures are outlined in [Guidelines for Giving Gifts by 4-H Units](#).
2. Individuals or organizations eligible to receive gifts include donors or potential donors, volunteers, clientele, members of the local community, and elected or appointed officials. Individuals who serve as judges for 4-H events may receive non-cash gifts, including nonnegotiable gift certificates. See the guidelines for limitations.
3. Expenses related to the purchase of gifts must be documented and approved by the 4-H unit making the gift via an adopted and approved budget or other specific action on the part of the unit to approve the gift. Such actions may be rescinded by the UCCE County Director if deemed inappropriate.
4. Fund raising may be conducted by 4-H units on behalf of recognized non-profit or tax-exempt charitable organizations that are not religious or political in nature or purpose under some circumstances with the approval of the UCCE County Director. See [Guidelines for Fundraising for and Donations to Recognized Charitable Organizations by 4-H Units](#).
5. Cash donations may be made by check from 4-H unit accounts to recognized charities in accordance with the guidelines in #4 above.
6. Fund raising and donations to individuals and families are not allowed.
7. All gifts, fund raising and donations must be well-documented in the financial records of the unit.
8. See [Gifts to and Fundraising for Individuals and Organizations by 4-H Units Frequently Asked Questions](#).

For nearly a hundred years the 4-H Youth Development Program (4-H YDP) has capitalized on the powerful influence of caring adults in the lives of children and youth. Central to the success of 4-H are the talented and dedicated adult volunteers, who are the heart of the 4-H program, providing valuable programmatic leadership and build caring and nurturing relationships with 4-H members. Research over the past three decades continues to show that caring adults can be a protective factor in high risk situations and provide safe environments for youth to develop independence and confidence. Resilient youth who thrive despite obstacles, typically have one or more caring adults who are active and present in their lives, coaching their perseverance.

## COLUSA SWINE GROUP

Submitted by: Branden Woodring, Jr Leader

The Colusa Swine Group had their first meeting on Monday, October 18th. We have many new members so we introduced ourselves and said how many years we have been in the swine group. Our leaders, Shannon Laux and Heather Hamilton, had a paper with all of our dates for meetings, mandatory events, educational events and fundraisers. With the money we raise, we will buy pen dividers for the fair, uniform buyers' gifts and other needs of our group. Time was spent on the rules and we all signed contracts along with our parent(s). It was a very informative meeting. Our next meeting will be on November 22nd at 5:30 p.m. in the Colusa Industrial Properties (CIP) conference room.

## COLUSA QUILTING GROUP

Submitted by: Cheyenne Laux

On October 16th, the quilting group had a quilting meeting. We sewed two pieces out of four for a wall hanging using a piece of paper with all of the lines we needed to sew on it, then sewed on those lines. One of the pieces was a cat and the other was a pumpkin (the wall hanging is Halloween/Fall themed). Everytime we made a mistake, we stitch ripped it, which eventually we got good at. We also went over how much seam resistance to put on a certain object. After each line sewn, we had to press it down with an iron, then remove excess fabric off of the line. We had a great deal of fun and learned a lot from this meeting!

### **Fruit and Vegetable Consumption on the Rise in Young Children**

The Produce for Better Health Foundation released new data last month showing children under the age of 12 have been eating more fruits and vegetables since 2004. Teen consumption of fruit and vegetables has declined, however, with a 6 percent decrease in vegetable consumption and a 2 percent decrease in fruit consumption since 2004. Even with positive findings, youth have a long way to go to get consumption up to recommended levels.
